Service Uniform
Attn: Jeff Weidman, Account Manager
2580 S. Raritan Street
Englewood, CO 80110

Dear Jeff,

We have been partnered with Service Uniform for a little over four years. When we opened our business, we asked a neighboring auto repair business (JM Auto) who he was using for his uniform needs and he recommended Service Uniform. We decided to give Service Uniform an opportunity. Since starting, we have had numerous other competitors attempt to obtain our business and we just didn't feel the need to switch companies. We have been happy with Service Uniform and if there is anything we need, they take care of it quickly. They offer a needed service for a great value and provide excellent customer service every week. We would recommend them to anyone needing uniform services.

Thank You,
